The Larry R. Yoder Prairie Learning Lab Presents:

Prairie Educational Exploration Backpacks

About the Prairie Educational Exploration Backpacks

The Larry R. Yoder Prairie Learning Lab is happy to provide Prairie Educational Exploration Backpacks for check out at the Marion Campus Library. Our goal with these backpacks is to reach out to the community and to let them know that the prairie environment is still very important as an ecosystem full of diversity and history. The backpacks are targeted for school aged children; kindergarten through fifth grade. Each backpack contains a folder with activity pages (such as coloring pages), books, and outdoor activities. There are four backpacks that parents and their children can choose from: Animals, Birds, Insects, and Plants.

Checking Out Backpacks

To check out the Prairie Educational Exploration Backpacks visit the Marion Campus Library on the Ohio State University at Marion & Marion Technical College Campus. Current OSU/MTC faculty, staff, and students can check out the backpacks with their campus photo ID. Community members are encouraged to sign up for a Local Courtesy Card at the Marion Campus Library. The checkout period for the backpacks is two weeks. This allows for plenty of time to explore different environments with the backpacks and study different biological species and fulfill curiosity about what is in your backyard and at the local parks.

Directions

The Marion Campus Library is located at 1469 Mt. Vernon Ave, Marion, Ohio. Library hours of operation vary by semester, please visit http://marionlibrary.osu.edu/ for current hours. The Larry R. Yoder Prairie is located directly behind the library building.
